

Sample METER reading record for ELECTRICITY

How much used each day or week. Read your electricity meter at ideally about the same time of the day. The number of days between readings doesn't matter but try to stick to approx SAME TIME OF DAY.

Day	Date	Time yr choice							Units used since last reading and average daily use Notes – eg why much higher or lower than usual.
Tue	15 Dec	8am		1	8	6	2	5	
Thur	17 Dec	8am		1	8	6	4	7	18647-18625 = 22U 22÷2days = <mark>11U/day</mark>
Sun	20 Dec	8am		1	8	6	7	4	18674 -18647 = 27U 27÷3 days = <mark>9U/day</mark>
Sat	26 Dec	8am		1	8	7	5	8	18758 – 18674 = 84U 84÷6 days = 14U/day Lots of Christmas baking!
